

Adhesive flap

Title

Back

Bleed: minimum 1 mm

Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is trimmed off during the manufacturing.

Margins: minimum 5 mm

It is recommended that no important texts or images are placed outside the inner margins set inside the TrimBox due to manufacturing tolerances.

Open TrimBox:

470 × 381 mm

Trim line

Creasing line

Colour-free/unprinted area for gluing

Production tolerances possible
(do not place texts or important elements here)
