Back

Bleed: minimum 1 mm

Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is trimmed off during the manufacturing.

Open TrimBox:

257 × 344 mm

— Trim line

- - - Creasing line

■ Colour-free/unprinted area for gluing

- - - Production tolerances possible
(do not place texts or important elements here)

Margins: minimum 5 mm

It is recommended that no important texts or images are placed outside the inner margins set inside the TrimBox due to manufacturing tolerances.

This area is covered by the adhesive strip when closed. Only place a background here - do not place any texts / logos or important elements in this area.
