Back
Bleed: left + right: 1 mm/ below + above: 7 mm
Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is trimmed off during the manufaturing.
Margins: minimum 5 mm
It is recommended that no important texts or images are placed outside the inner margins set inside the TrimBox due to manufacturing tolerances.
Open TrimBox:
257 × 267 mm
Trim line
Creasing line
Colour-free/unprinted area for gluing
Production tolerances possible
(do not place texts or important elements here)
69 mm
108 mm
21 mm
This area is covered by the adhesive strip when closed. Only place a background here – do not place any texts / logos or important elements in this area.
